NOTE: We are able to bar code all uniform items if interested. By doing so, we can identify the name of the person, his or her location, and frequency of laundering. We scan all bar coded items when picked up, process the garments, and scan the item before it leaves our plant. If interested, please allow us to discuss this further.

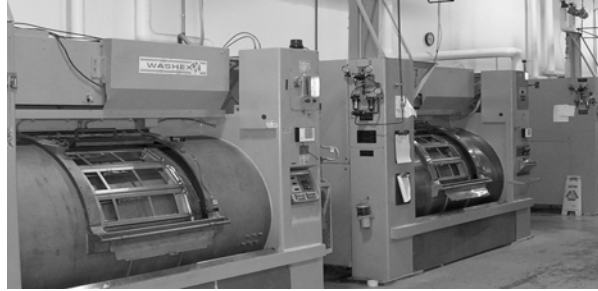

Social Advantage

WHO IS RGI?

Rappahannock Goodwill Industries, Inc. (RGI), is a 501(c)3 not for profit business with a social purpose. Our mission is to provide people with barriers to employment - particularly those with disabilities - an array of quality vocational and educational services so that they can work most independently.

RGI entered the commercial laundry business in November 1996. We have since developed a central laundry facility that is able to process approximately 12 million pounds of laundry per year on two shifts. Our new facility has 24,000 square feet on the production floor allowing us room for continued growth. We are located in Fredericksburg, VA and currently serves a wide range of customers generating a combined annual workload of approximately 3.5 million pounds.

RGI serves the Northern Virginia, Maryland, Southern Pennsylvania, and Washington Metro areas. RGI emphasizes both rental and customer-owned goods for the healthcare, hospitality, and federal markets and a full array of uniform rental services.

Technology

SPECIALIST IN HEALTHCARE & UNIFORM RENTAL SERVICES

Linen service is a very important and an integral part of quality patient care. RGI specializes in the needs of large and small healthcare facilities including patient clothing and service personnel uniforms.

RGI's operational procedures are designed to comply with the standards and criteria recommended by the following:

- JCAHO
- EPA
- FDA
- CDC

Our **Uniforms Division** services and supplies working uniform, jackets, coveralls and other associated garments for maintenance and service personnel. All of our uniforms are *bar coded* allowing RGI to keep the customer informed of the exact status of each garment at all times. Every garment is scanned at time of pick up and tracked through processing and delivery ensuring that every garment is returned on time.
